The Contagious Creativity Awards serve not-for-profit organizations that are doing good work but cannot otherwise afford Moline Creative services.

Angie B. Moline, Ph.D. works with you to create interactive, focused - often visual - meetings and workshops that cultivate a shared vision of success and, thus, a more collaborative, engaged not-for-profit team.

Past Contagious Creativity Awardees have focused their workshops on clarifying core values, refining their mission / vision, developing evaluation metrics, clarifying roles within the organization, and exploring barriers to inclusion.
